August 6, 2021

Dear Friends & Family of Calvary Place:

I hope that this letter continues to find you healthy and safe.

As you may be aware, the Province is moving to the Pandemic Response Level Yellow, effective August 7, 2021, and has also announced a number of changes in regards to mask usage. Please note that there are no changes to visitations at Calvary Place at this time. **Masks and eye protection will continue to be required and must be worn by all visitors and staff.**

COVID-19 continues to remain a threat, especially to our vulnerable population, who may suffer serious illness if they contract the virus. Vaccines have proven to be extremely effective however, there still remains a small risk that a fully vaccinated individual could contract or spread COVID-19. We have an obligation to protect the health and safety of residents entrusted to our care. Utilization of personal protective equipment, masks and eye protection, is effective at preventing and reducing the spread of the virus.

If anything changes in this regard, I will send you an update. Please note at this time, masks and eye protection continue to be required, and must be worn by all visitors and staff within Calvary Place. Face masks are also a requirement for all outdoor visitations.

Thank you for your ongoing support and stay safe

Thanks

Helmut Plett, RPN

CEO/DOC
